(4) Where any person desires to have any statement made in the draft license, he shall deliver a statement of the same to the applicant and also to the Secretary to Government, Public Works and Labour Department, Port St. George, Madras, within the time specified in paragraph 3.

LICENSE FOR THE SUPPLY OF ELECTRIC ENERGY GRANTED BY THE GOVERNMENT OF MADRAS UNDER THE LOCAL GOVERNMENT ACT, 1910.

License is hereby granted to the Municipal Council of Tannock to supply electrical energy in the area, with the powers, and upon the terms and conditions, all specified below.

1. The title.—This license may be cited as "The Tannock Municipal Electric License, 1928".

2. Interpretation.—This license is to be read and construed as subject in all respects to the provisions of the Tannock Electricity Act, 1910, with the statutory modifications thereof and to the rules thereunder; and the several words, terms and expressions, to which meanings are assigned by that Act or by statutory modifications thereof or by the rules thereunder or the General Clauses Act, 1857, shall have in this license and the amendments thereto the same respective meanings provided that in this license—

(1) The expression "The Act" shall mean the Tannock Electricity Act, 1910, with the statutory modifications thereof;

(2) The expression "The Licensee" shall mean and include the Municipal Council of Tannock and their permitted assigns;

(3) The expression "First Applicant," "Second Applicant," and "Third Applicant," shall mean the first, second and third applicants to this license respectively;

(4) The expression "Designated Map" shall mean the plan of the area of supply boundaries specified, which has been deposited with the Government of Madras in pursuance of the rules under the Act, and which plan is signed for the purpose of certification by the Secretary to the Government of Madras or the Public Works and Labour Department, with the approval by the Chairman, Municipal Council, Tannock;

(5) The expression "Unit" shall mean the quantity of energy equivalent to a current of one thousand ampere flowing under an electro-motive force of one volt during one hour;

(6) The expression "Load Factor" shall mean the ratio or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

3. Commencement of license.—The date of the notification by the Government of Madras in the Port St. George Gazette that this license has been granted is in this license referred to as "The Commencement of the License".

4. Area of supply.—The area within which the supply of energy is authorized by this license is the whole of the area contained within the Municipal limits of Tannock and is more particularly delineated upon the designated map by a red line enclosing the said area.

5. Purpose of supply.—Subject to the provisions of this license and the Act and the rules thereunder the licensee shall be entitled during the term of this license to supply energy within the area of supply for all purposes except in bulk.

Provided that the licensee shall not be under any obligation under section 21 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers, the supply being had to the licensee's best advantage.

Provided also that no supply of energy shall be commenced to be given by the licensee in excess of the capacity of public premises until the Government of Madras have approved the terms of agreement to be made by the licensee or company for such supply and also the form of written contract or agreement with the licensee to take a supply of energy, which is to be executed and entered into by the licensee or company with the Government of Madras before the licensee commences the supply of all installations charges incidental to or in connection with such supply.

6. System of supply.—The system of supply to be adopted for the supply of electric energy under this license are the following—

(1) (a) A system of primary alternating current three phase four wire supply at a pressure at the licensee's terminals of 440 volts (approximately) between phases and 220 volts between phase and neutral which shall be carried at no point only on each separate distributing system at a frequency of fifty complete periods per second.

(b) A high pressure alternating current three phase supply at a pressure not exceeding three thousand, three hundred volts between phases at a frequency of fifty complete periods per second.

(2) (a) A system of primary alternating current three phase four wire supply at a pressure at the licensee's terminals of 440 volts (approximately) between phases and 220 volts between phase and neutral which shall be carried at no point only on each separate distributing system at a frequency of fifty complete periods per second.

(b) A high pressure alternating current three phase supply at a pressure not exceeding three thousand, three hundred volts between phases at a frequency of fifty complete periods per second.

(d) The crossed points of the high pressure system may, with the approval of the Government of Madras and the Commissioner of the Telegraph authority, be connected to the earth.

Provided always that it shall be lawful for the Government from time to time to issue, with due regard to the expense involved and to the effect upon the economical prospects of the undertaking, regulations dealing with the above system of supply or to authorize other systems of supply to be adopted for the purpose of this license.

(e) (i) The foundations, distribution mains and service lines may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensee in strict conformity with the Act and the rules thereunder.

Provided that nothing in this license shall authorize the licensee to use overhead wires at any higher pressure than medium pressure without the sanction in writing of the Government of Madras in such case and subject to any conditions or limitations which the Government of Madras may prescribe.

Provided also that in all streets and thoroughfares less than 14 feet in width for wheeled traffic, posts for overhead electric shall not be erected.

Provided further that in narrow lanes through which wheeled traffic is not permitted, the posts shall be placed on the extreme edge of the lane and a special arrangement to be approved by the Electrical Inspector adopted to keep the wires free from contamination of every building.

Provided further that in any street or in direct continuation in which overhead electric lines are run such lines shall be run throughout as one line only.

(f) Where overhead mains carrying alternating current are used, due provision shall be taken by the licensee to avoid any possible interference with the adjacent telegraph or telephone circuits due to induction effects.

(g) For the purpose of Rule 21 of the Indian Electricity Rules, 1924, the maximum load pressure shall be taken as eleven lb. per square foot.

1. *Compulsory works.*—(a) The licensee shall lay down suitable and sufficient feeders and distributing mains and service works to the satisfaction of the Government of Madras for the purpose of supplying electrical energy throughout each street or parts of streets as are mentioned in the first schedule and as indicated in red on the deposited map. In the case of differences between the description in the first schedule and as indicated on the deposited map the latter shall prevail. The licensee shall maintain to the satisfaction of the Government of Madras the works whenever within fifteen months from the commencement of the license and shall complete the same within three years thereof.

(b) If the licensee fail to comply with the above provisions or should in the opinion of the Government of Madras the progress made during any portion of the said period of three years be unsatisfactory, the license may be revoked.

(c) The licensee shall submit reports every six months from the commencement of this license to the Commissioner of the compulsory works specifying all steps taken and the progress made in carrying into effect this license.

2. *Generating station.*—The generating station shall be within the area of supply.

3. *Recovery of streets and railways and recovery of waterways.*—(a) The licensee are hereby specially authorized to open and break up the soil and pavement of the railways or parts of railways mentioned in the second schedule or for only as necessary for erecting and parts of the railways running along the high way.

(b) The length of the trenches to be opened at any one time on any street openable by the Government of Madras and the period for which they remain open shall be determined from time to time by the Government of Madras. When any street is closed, not more than half the width of such street shall without the special authority in writing of the Government of Madras be closed for traffic.

(c) The licensee are further authorized to occupy all streets, avenues and irrigable channels within an area assigned to the area of supply in accordance with such conditions as the Government may impose.

10. *Limits of price to be charged in respect of the supply of energy.*—The prices to be charged by the licensee the energy supplied by them shall not exceed those stated in that behalf in the third schedule or in the case of a method of charge approved by the Government of Madras in accordance with clause 3 of the Schedule to the Act, such amounts as the Government of Madras may fix as approving the method of charging the licensee may enter into special contracts, subject to sections 22 and 23 for the supply of energy.

11. *Additional to, variations from, and simplification from the Schedule to the Act.*—In pursuance of section 3, sub-section (2), clause (2) of the Act, it is expressly declared that clause 12 of the Schedule to the Act, shall be excepted from incorporation in this license.

12. *Sanctions.*—If the licensee fail to comply with the provisions of any of the clauses hereof, the license may be revoked.

Port St. George, April 25, 1935  
(S.O. No. 1660, L. & M.).

No. 552.—In exercise of the power conferred by clause (b) of subsection (2) of section 105 of the Madras District Municipalities Act, 1920 (Madras Act V of 1920), and in representation of all persons who are the subject, the Government acting with Ministers is hereby pleased to make the following revised rules for the preparation of electoral rolls in municipalities:—

# Rules.

## Preparation.

1. (a) The electoral roll for each municipality shall be maintained in Form I annexed and shall be divided into parts for each ward in cases where the municipality is divided into wards. Each ward shall be separately numbered and the electors therein shall be numbered in one series. In each ward the streets and the houses in each street shall be arranged alphabetically, provided that, where such an arrangement is not convenient, the houses there may be arranged alphabetically for each ward.

(b) The roll shall be kept in the chief warehouse of the town, provided that the municipal council may direct that any particular roll or part of a roll may be kept in any language or languages.

2. (a) It shall be the duty of the chairman to inquire or cause inquiry to be made and to prepare, or cause to be prepared, lists of all persons appearing to be entitled to be registered as electors in the roll for the municipality or for each of the wards comprised therein. The lists shall be prepared in the form prescribed for the roll and shall also contain such other particulars as the council may determine.

(b) The preliminary roll shall be prepared from these lists and published in the municipal office not later than the 15th May. If it is so convenient, a printed copy of the roll in form or of a roll previously in form with printed lists of additions and corrections may be published in the preliminary roll.

(c) The chairman shall also simultaneously publish a notice in Form II annexed specifying the mode in which, and the time within which, claims and objections may be preferred and the date and the place at which the revising authority will begin to sit for their disposal. The notice shall state that the preliminary roll will be open to inspection at the municipal office daily between 11 a.m. and 4 p.m. up to the 1st June. Copies of the notice shall be placed in the municipal office and in one conspicuous place in each ward or where there are no wards in not less than three conspicuous places in the municipality.

(d) Failure on the part of the chairman to keep the preliminary roll open for inspection for a period of not less than fifteen days from the date of its publication under sub-rule (b) shall render all subsequent proceedings under these rules invalid.

## Claims and objections.

3. (a) Any person who claims to be entitled to be registered as an elector and whose name is

not entered, or is entered in an incorrect place or manner in such electoral particulars, on the preliminary roll, and any person whose name is on the roll and who objects to the inclusion of his own name or of the name of any other person whose name is on the roll may prefer a claim or an objection to the revising authority. Such claim or objection shall be sent in Form III or IV annexed to the chairman as soon as such claim or objection is made.

(b) Claims and objections received after the prescribed date shall be rejected.

(c) The chairman shall supply forms of claims and of notices of objections free of the payment of any fee.

4. The chairman shall have necessary inquiries relating to claims and objections made before the date fixed for the closing of the revising authority and may also of his own motion make all corrections to the roll which may be necessary including the insertion therein of the names of persons of the names of any person or persons.

5. (a) The chairman shall, not later than 30th June,—

(i) publish lists of all claims and objections received in time in Form V annexed in the municipal office, and

(ii) send a copy of every notice of objection to the person to whom objection is made, and also send a copy of the notice to the person concerned of the corrections made by him of his own motion.

(b) In the list referred to in clause (a) (i) and in the copy sent under clause (a) (ii), the chairman shall give notice that the claims and objections will be taken into consideration by the revising authority at a place and on a date to be specified not later than 10th June.

## Revising authority.

6. (a) The revising authority for each electoral roll in a municipality shall consist of the chairman, as president, and two persons who are not members of the municipal council to be nominated by the Collector of the district. The Collector shall also appoint two non-officials and two or more officials (depending the order in which they shall be entitled to sit, the non-officials taking precedence over officials) as members-in-waiting to take the place of any member of the revising authority (including the president) who refuses to attend, or becomes incapable of attending, or is absent or who is personally interested in, or has any pecuniary interest in, any claim or objection and is thereby rendered unfit to take part in the adjudication of such claim or objection.

(b) The revising authority shall sit at open office on the day fixed and from day to day until all the claims and objections are disposed of. The revising authority shall, however, have power to adjourn its proceedings at any time to such other date as it may fix, and notice of such adjourned date shall be posted in the municipal office. Notices of the adjourned date shall also be given to each of the parties whose claims and objections have not been disposed of. Orders shall be passed in writing on each claim or objection with

persons if a claim is rejected or an objection contested. The revising authority shall also pass orders on the lists of corrections made by the chairman of his own section. In case of a difference of opinion among the members, the opinion of the majority shall prevail. The orders passed by the revising authority shall be final and shall not be liable to be questioned by any legal proceeding.

#### *Final publication.*

7. (a) The chairman shall cause the roll in accordance with the orders of the revising authority and the roll or parts of the roll so corrected shall be printed and copies made available not later than the 1st July.

(b) The roll shall also be published as required by section 44 of the Act and shall come into force from the date of such publication and remain in force till the publication of a fresh electoral roll.

(c) Two copies of the roll shall be signed by the chairman. One of them shall be kept in his office and the other forwarded to the Collector of the district for record in his office.

(d) The chairman shall not alter the roll while it continues in force, except in order to correct clerical errors.

(e) Notwithstanding anything contained in these rules, where the initials of a ward are materially changed or where a new ward is created, the preparation, revision and final publication of the electoral roll may take place as or before such date as the council may determine in that behalf and such electoral roll when so prepared, revised and finally published shall come into force from the date of final publication.

(f) None of the officers entrusted with the preparation of the roll shall be held legally liable for its completion or accuracy, nor shall they be held liable to any legal proceeding for damages by reason only of any omission or inaccuracy in respect of such roll or any sub-sections thereof with the dates prescribed in these rules.

#### *General.*

8. The chairman shall keep pointed copies of the roll for inspection and refer to his office and for supply to the presiding officers at the polls.

9. Any action which is required to be sent by the chairman, under these rules to any person shall be sufficiently met if sent by post to the address of that person as given by him for the purpose, or as appearing on the roll, or if there is no such address, to his last-known place of abode.

10. On the consideration of any claim or objection or other matter by the revising authority any person interested therein may appear and be heard either in person or by an agent duly authorized in writing.

11. The revising authority may in its discretion, or at the request of any person interested, require that the evidence furnished by any person shall be in such and may administer an oath for the purpose.

12. Notwithstanding anything contained in these rules the Local Government may in the case of the first electoral roll for a newly established

municipality and in any other case prescribe other dates for the preparation, revision and final publication and the roll when so prepared, revised and finally published shall come into force from the date of the final publication.

## ANDHRA UNIVERSITY.

GOVERNMENT ROAD, VISAKHAPATNAM.

Applications are invited for the Andhra District Board Fellowship from persons who are domiciled in or are members of the University area.

admission qualification, the greater of income, will be the basis derived from the money given to the school and the capacity to utilize that income to advantage.

**Scholarships**—Hopes three a subject per term, except typewriting, payable on three equal instalments in the months of July, August and September, and in January, February and March. The fee for typewriting is Rs. 5 per term payable similarly. The same rate of fee is charged for both the grades.

**Subjects and classes**—In the English Department instruction is given in the following six subjects, and students are prepared for the Government Technical Examination in the Lower and Higher grades in each—

- (1) Book-keeping.
- (2) Theory and Practice of Commerce.
- (3) Banking with accounts.
- (4) Commercial Geography.
- (5) Shorthand (Pitman's system.)
- (6) Typewriting.

Each of the grades is a subject generally takes a year.

**Fee-dolls**—The time table is as arranged as to enable a beginner to take up almost all the subjects taught in the school in one and the same year. Students of the typewriting class are divided into batches, each batch getting one hour's practice every school day. This class is held from 7-45 to 10-45 a.m. and from 2-30 to 7-30 p.m.

About all the classes are held both in the morning and evening hours to afford convenience available to students of day schools and employees in offices in the school.

**Examinations**—The Government Technical Examinations in all the subjects under 'Commerce' are held towards the end of the April every year, and the school closes immediately thereafter for the summer vacation and so opens early in July. The examinations in shorthand and typewriting are held in December also. The school will be closed for the Christmas vacation on the 16th December 1939 and will re-open on 1st January 1940. Those that wish to begin the study of commercial subjects will, therefore, naturally be admitted in July every year; and such students must join early, at least before the 15th of the month.

Beginners will be admitted in January also into the shorthand and typewriting classes, and they will be prepared for the examinations of the following December, Lower grade. Of course, those that have already had a course of training in the other subjects for a year or so will also be admitted and prepared for the Lower grade or Higher Grade Examinations of April next.

**Fee**—This is equally paid on the first beginners as well as others who are themselves admitted at least before the 15th July 1939, on which date regular classes are expected to begin work.

#### GOVERNMENT TRAINING SCHOOL FOR KANARESE WOMEN, HOSUR.

It is hereby notified that applications from candidates seeking admission in July 1939, into the elementary higher and lower grades of training in the Government Training School for Kannara Women, Hosur, should reach this office on or before the 15th April 1939.

Full particulars relating to the admission are as follows—

1. Candidates who hold an Elementary School-Leaving Certificate of the 1st standard issued by an Inspecting Officer, or who have passed the III Form, are eligible for the elementary higher grade. Those

who have passed the 2nd standard in an elementary school, or 2nd class in a secondary school are eligible for the elementary lower grade. Candidates who do not possess such qualifications may also be admitted into the latter grade on the strength of a certificate granted by an Inspecting Officer.

2. The applications should be in the prescribed form transmitted by an Inspecting Officer, and the candidate of a local board or the chairman of a municipality promising an appointment after training. Each application should contain the candidate's full address written clearly, and must be accompanied by general references and character certificates.

3. Candidates will be selected in accordance with the age limit prescribed by the Madras Educational Rules under rule 113. The age must not be below 14 years and above 20 years, in case of unappointed candidates, and in case of those who have put in three years' continuous service in a recognized school, should not exceed 25 years.

4. Candidates, on admission, will be required to produce satisfactory proof of physical fitness. They will be on probation for a period of 30 working days, after which, only those whose progress has been satisfactory will be retained.

5. The selected candidates shall then enter into an agreement with Government, binding themselves to complete the course, and to teach subsequently in a recognized school for two years.

The rates of provincial stipends will be as follows—

	Rs.	A.	P.
Elementary higher grade.	10	0	0 per annum, for all.
Elementary lower grade.	10	0	0 per annum, for Hindu and depressed classes.
Elementary lower grade.	8	0	0 for others.

6. Candidates holding land or unutilized board stipends will also be admitted for training. No provincial stipends will be concesses on behalf of those holding permanent appointments in board or unutilized schools. The nature of the appointment, permanent, sick, pro tem, acting or temporary, in the case may be, should be clearly stated in column 5 of the application form. Applications will not be retained unless signed by the presidents of local boards, or the chairmen of unutilized boards concerned.

7. Application forms and other particulars may be had from the Inspectress.

## DEPARTMENT OF AGRICULTURE.

## QUARTERLY CROP REPORT—RICE.

## RICE REPORT.

[On an average of the four years ending 1928-29, the area under paddy in the Madras Presidency has represented 13.7 per cent of the total area under crops in India.]

The area sown with paddy in 1928-29 is estimated at 735,400 acres as against the estimate of 802,400 acres made on the same date last year and the actually recorded area of 735,400 acres last year.

The estimate this year is about 12 per cent below last year's estimate. The area in 28 average year is estimated at 775,000 acres.

3,700,000 acres have been reported as sown since the date of the previous estimate issued in January. These late sowings were mainly on wet lands in the Coimbatore, Coimbatore, and the South where paddy was raised on a silted up or other paddy.

4. The estimated rice harvest generally in most districts and in the season is anticipated to be normal. The production has been large in the Coimbatore and Coimbatore districts where the area has fallen from 170,000 acres to 200,000 acres.

5. The yield was normal or slightly above normal, except in Coimbatore, South Arcot, Tanjore, and the Coimbatore districts. The condition of the rice area is generally fair.

The seasonal factor for the Presidency works out at 18 per cent of the average as against 92 per cent in the previous year. On this basis, the crop of 1928-29 is estimated at 80,000 tons as against 80,000 tons in the previous year, and an average yield of 104,100 tons.

6. Details by districts are given below—

[Area in thousands of acres, i.e., 50 being omitted; yield in hundred of tons, i.e., 50 being omitted.]

## COTTON CROP OF 1922-23—FIFTH OR FINAL REPORT.

[On an acreage of the five years ending 1922-23, the area under cotton in the Madras Presidency has represented 16.2 per cent of the total area under cotton in India.]

The area sown with cotton in the Madras Presidency in 1922-23 is estimated at 2,427,450 acres against 2,394,100 acres in the February forecast. The main increases were in Bellary (33,900 acres), Belur (14,000 acres), Madurai (11,300 acres) and Coimbatore (10,400 acres).

The present estimate for the Presidency represents an increase of 14 per cent over the final area of 1921-22 of 2,127,900 acres in 1921-22.

2. Fading of cotton is in progress throughout the Presidency and will be finished by the end of this month.

The staple and colour are up to the usual standard.

3. Yields, normal or slightly above normal, are expected in Dargis, Nellore, the Deccan, Chittoor, South Arcot, Madurai (original methods only), Coimbatore (original method only), Pondicherry (original), Tanjore, Madurai (Coimbatore), Namakkal, and the West Coast. In the Coimbatore (original) and the West Coast, the crop suffered from drought to some extent in the recurring districts.

The average factor for the Presidency works out to 85 per cent of the average against 100 per cent last year. On this basis, the yield works out at 235,500 bales of 400 lb. last against 416,400 bales in the previous year, an increase of about 75 per cent and equating an average of 235,500 bales. It is, however, too early to estimate the yield with accuracy as much will depend upon the subsequent weather conditions for the second crop and the fall taken by insect pests.

4. The estimated areas and yield under the several varieties are given below:—

(1) Includes 2nd bale of madurai grown and passed in the Deccan.

(2) The figures are very approximate. The estimate may have been lower.

Notes:—(1) Line (1).—The figures mainly relate to the crop of 1921-22. The early area crop in the Deccan, however, generally comes from the market from October to next year. The figures are taken from the weekly returns furnished by mills and gins.

(2) Area (2) to (5).—The figures have been arrived at in accordance with reports from dealers in cotton.

4. Detailed figures by districts and varieties are given in the statements below.

- (a) Includes Typens, Karingpang, and mixed country areas in Kialan, Bessand and Tawassay.  
 (b) Includes Karingpang in Chikaroon, Typens, Kialan, and Bessand.  
 (c) The assumed value of unregistered land by section is given below:-

## MINUTES OF A BOARD MEETING.

At a meeting, held on Friday, 24th  
th April 1929.

Present:

Mr. G. B. Armstrong, Esq., M.B., V.D., Chairman.  
Mr. E. F. Wyles, Esq., V.D., Member.  
Mr. H. H. O'Connell.  
Mr. G. B. Walker, Esq.  
Captain S. H. Macdonald, R.N.M.  
Mr. R. J. Deane, Esq., Director of the Port Trust.  
Mr. J. J. Deane, Esq., Director of the Port Trust.  
Mr. J. J. Deane, Esq., Director of the Port Trust.  
Mr. J. J. Deane, Esq., Director of the Port Trust.  
Mr. J. J. Deane, Esq., Director of the Port Trust.

1. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday, 15th March 1929.

2. Read and adopted the Chairman's letter to the Secretary to the Government of Madras, Finance (General Department), No. 6, 1928, dated the 11th March 1928, submitting for sanction various conditions of the grant for expenditure under the Trade Schemes and Capital Accounts during the year 1928-29.

3. Read and recorded note by the Chairman regarding the Memorandum of the Board, Endorsement from the Government of Madras, No. 670-1, Finance (Marine), dated the 27th February 1929, on a letter from the Government of India, Department of Commerce, No. 1813, dated the 19th February 1929, on the subject of the reorganisation of the Madras Marine Administration, in India and his reply thereto No. C. 1220, dated the 10th March 1929, informing the Government of Madras that there is no objection to the temporary arrangements proposed by the Government of India for the conduct of the work connected with the administration of the Madras Shipping Act.

4. Read a note by the Chief Engineer, submitting the work required for the supply of about 150 tons of coal and about 100 tons of oil required for the reboilered engine work of the New Deep Water Quay and recommending the purchase of about 1275 tons of coal, varying in size from 2" to 4", from Messrs. The India Co., Ltd., Madras, and of about 215 tons of oil, varying in size from 4" to 12", from Messrs. Stewart & Lloyds, Ltd., Calcutta, at the rates quoted by them respectively in their letters No. 148, dated the 10th March 1929, and J.R.W. 32, dated the 10th March 1929.

Resolved to approve of the purchase recommended.

5. Read a note by the Chief Engineer stating that about 150 tons of coal are required for the work mentioned in Resolution No. 714, dated the 18th March 1929, in connection with the establishment of the Standard Oil Company of New York at a point about 10 miles as well as for use of the new breakwater, and recommending the purchase from Messrs. The India Co., Ltd., Madras, of 150 tons of 10 lb. second size coal together with the necessary delivery at the rate quoted by them in their letter No. 141/29, dated the 11th March 1929.

Resolved to approve of the purchase.

6. Read note by the Deputy Port Commissioner requesting that an Ngorah mooring range be provided at the end of the Quay to the Quay's quays occupied by him or alternatively that he be

permitted to install the mooring range at his own expense. Read also note thereon by the Chairman.

Resolved that, for the reasons given in the Chairman's note, the Board cannot see their way to allow a mooring range at the end of the Quay and that the Deputy Port Commissioner be informed that the Board have no objection to his providing one at his own expense.

7. Read note, Resolution No. 157, dated 18th February 1929 approving of the creation of an additional post of Executive Engineer on a pay of Rs. 1,100—10—0, with two quarters or a bonus allowance of Rs. 180 per annum in lieu thereof.

Read a note by the Chairman stating that, as a consideration of the applications received for the post, the Chief Engineer and himself are of opinion that Mr. F. Wyles, Assistant Executive Engineer under the Calcutta Port Commissioners, one of the applicants, is the most suitably qualified for the post and recommending his appointment thereon.

Resolved to approve of the appointment of Mr. Wyles to the post.

8. Read again Resolution No. 15, 1928 and 127 dated respectively the 16th May 1924, 16th June 1925 and 16th August 1928 on the subject of the appointment of certain temporary staff in the Drawing and the Accounts Branches of the Chief Engineer's Office.

Read a note by the Chief Engineer requesting sanction to the additional employment up to the 31st March 1929 of the temporary staff with certain changes as noted below. Read also note thereon by the Chairman, suggesting that the retention of the temporary staff as now proposed be extended up to the 31st March 1929 and that the question be again taken up next year with a view to seeing what additional permanent establishment will be required and stating that the Chief Engineer is agreeable to this suggestion.

Elected by the Tatumia Municipal Council.

**Receipts.**—The total receipts during the year 1927-28 were Rs. 4,32,585 as against Rs. 3,27,167 in the preceding year, an increase of Rs. 1,05,418. The items contributing to the increase were—

Exports Rs. 55—Imports Rs. 22,595—Ground-rent Rs. 6,432—Over-time fees Rs. 1,415—Sale of stores Rs. 25—Subsidies Rs. 1,300—Consumption Rs. 205—Interest on Investments Rs. 1,874—Miscellaneous Rs. 519.

**Extent of trade.**—The total cargoes that passed through the Port during the year amounted to 425,518 tons, as compared with 374,222 tons in the previous year, an increase of 119,644 tons.

**Value of trade.**—The total value of sea-borne trade of the Port during the year amounted to Rs. 11,21,05,249 as compared with Rs. 10,04,52,415 in the previous year, an increase of Rs. 1,23,48,994 due, principally, to an increase in foreign and country imports. Statistics obtained from the Customs Department will be found in Appendix VIII of the report.

**Working expenses—Revenue fund.**—The working expenses for the year amounted to Rs. 4,30,589, details of which will be found in the statement, Appendix I attached. The ordinary maintenance works were carried out during the year by the Port Trust Agency in accordance with G.O. No. 286, Finance (Marine), dated 4th July 1927.

**Capital fund.**—A detailed account will be found in Appendix V.

**Audit.**—The accounts of the Trust for the financial year were audited by the District Inspector of Local Fund Accounts from 30th July to 10th August and the general result was satisfactory.

**Shipping and trade.**—The number of vessels that entered the Port was 855 of a total net tonnage of 1,814,621 tons, as against 809 vessels of 1,310,940 tons. The increase is due to the number of foreign trade vessels loading railway materials for the South Indian Railway, and iron pipes for the Tatumia Water Scheme.

**Loans.**—The amount of loans outstanding on the 1st April 1928 was Rs. 22,22,754. Details of the loan position are given below. No loan was taken during the year as the Harbour Works were suspended pending the receipt and consideration of the report of the Expert Committee.

**Scale of rates.**—The scale of rates for firewood was amended as per G.O. M.O. No. 282, Finance (Madras), dated 2nd May 1927. The scale of rates and statement of liabilities regarding Sunday being treated as a "day off" in calculating the five period of 24 hours, and charges to be levied for using the forehouse on Sundays, was amended as per G.O. M.O. No. 26, Finance (Madras), dated 17th January 1928.

**Traffic.**—(1) **Imports.**—The principal imports were goods, piece-goods, groceries, raw silk, oil, coal and machinery. The total tonnage imported during the year was 354,368 tons and the dues collected Rs. 2,25,164-8-0. There was an increase in the amount of the dues, as compared with 1925-27, especially under—

- (a) Goods, due to poor local crop and to a wider area of distribution;
- (b) Railway materials for the South Indian Railway new construction; and
- (c) Water pipes for the Tuticorin Water-supply Scheme.

(2) **Exports.**—The principal exports were raw cotton, tea, sugar, cattle, sheep, goats, onions and dry fish. The total tonnage exported during the year was 137,465 tons and the dues collected Rs. 1,36,004, being a slight increase over the figures for 1925-27. The cotton crop during the year was poor and the exports were considerably reduced in consequence.

**Engineering and maintenance.**—**Tuticorin Harbour works.**—(1) The digger dredger "St. George" completed the 11th cut in the Turning Basin, and the dredged spoil consisting of hard rock, bayer mud and clay was deposited in reclamation area west of Turning Basin. An effective area of about 18 acres was reclaimed to a level of 8'43 above L.W.O.S.T. Dredged rock was dumped in Devil's Pass. Throughout the dredged portion the depth made varied between 21 and 25 feet with an average width of 480 feet.

(2) The dredging by "St. George", tidal shaft, and other capital works were suspended on 15th November 1927 under the orders of Government in their Memorandum No. 27959-4, dated 14th November 1927.

(3) The protective embankment from Devil's Pass to Salt Bay covering a distance of 7,200 feet, approximately parallel to the shore line, was completed. The sides of the embankment were revetted with coral and it is drained by means of culverts.

(4) The question of continuance of the Harbour Project was referred to an Independent Committee of Harbour Engineers, and the Harbour Engineer-in-Chief to Government was deputed to assist the Committee. The Committee assumed all the references made in regard to present scheme favourably, but, taking the commercial aspect of the question, have suggested an alternative scheme involving Tuticorin at an estimated cost of Rs. 163 lakhs. The documents were published by Government for general information in a press communiqué (vide G.O. No. 142, dated 7th March 1928), and were forwarded to the Port Trust in Government Memorandum No. 3075/27-9, dated 12th March 1928, calling for their comments in the light of the Expert Committee's report.

(5) The distilling plant was erected and Distilling house and pond completed. The plant was put into operation.

(6) The dry dock was completed.

(7) The Admiralty dredger "St. David" was laid up at Cochin.

(8) Two steam tugs were received in parts and erected and tested by the Master's Engineer.

(9) The Hon'ble the Law Member, Sir G. P. Ramaswami Aiyar, M.A., visited the capital works on 7th April 1927.

**Tuticorin works.**—**Foreshore.**—The "Mascot" was dredging the approach channel to Tuticorin and completed work on 15th September 1927 and the vessel was taken over by Vengalpet Harbour authorities on 23rd September 1927. The remaining portion of the channel near the jetty was dredged by push-dredger.

The Government have in their Order No. 280, Finance (Madras), dated 4th July 1927, transferred all works of ordinary maintenance and repairs at Tuticorin to the charge of Port authorities to enable that department to concentrate all their energies on the execution of capital works.

An approach road to Upper Odai bridge commencing from the road at a point near "Mascot House" to a distance of 2,450 feet was taken up and completed during the year.

**By-laws.**—The by-law issued by the Board under sections 181 (2), (5) and (10) and 168 of the Tuticorin Port Trust Act (Madras Act II of 1914) prohibiting fishing in, or the passage of fishing boats through, certain specified limits was approved by Government in S.O. M.O. No. 231, Finance (Madras), dated 23rd May 1927, and notified in three successive issues of the Fort St. George Gazette and the *Tuticorin District Gazette*.

**General.**—The Port Trust Act was amended during the year by Act III of 1928, Tuticorin Port Trust (Amendment) Act, 1927, to provide for the election of three Trustees by the Indian Chamber of Commerce, Tuticorin.

**Management.**—During the year under report the Board consisted of the Trustees, whose names are given at the beginning of this report. The number of meetings held during the year was 16 (12 ordinary, monthly, and 4 special meetings).

The post of Secretary and Traffic Manager was held by Commander R. Sreenivasulu, M.A., during the whole of the year under report.

R. SEEVER, Commander, R.M.S.,  
Chairman, Port Trust.

Letter from Mr. N. V. RAMANAM, Assistant-Comptroller, to the Secretary to Government, Finance (Marine) Department, dated Madras, the 10th/12th December 1928, No T.M. 762.

With reference to section 86 of the Tuticorin Port Trust Act, 1924, I have the honour to forward herewith the Audit report on the works expenditure of the Tuticorin Port Trust for the year 1927-28.

# REMARKS.

## *Audit Report on the works expenditure of the Tuticorin Port Trust for the year 1927-28.*

1. Capital expenditure financed from loan funds.—A sum of Rs. 5,55,216 was originally provided for in the budget for 1927-28, out of which Rs. 3,58,549 only was spent on the capital works under the following heads:—

	Original appropriation.	Expenditure.
	RS.	RS.
Works .. .. .	3,55,960	2,69,477
Establishment and staff .. .. .	45,125	48,172
Tools and plant .. .. .	1,54,114	1,62,289
Reserves .. .. .	..	— 75,389
	<u>5,55,216</u>	<u>3,58,549</u>

Schedule A shows the actual expenditure on the original budget allotment and the revised appropriations for each work. It also compares the total expenditure incurred on each work to the end of 1927-28 against the amount of the original estimate for each.

The actuals for works, including reserves, during the year, fall short of the final appropriation by Rs. 549 only which is negligible. There was comparatively less expenditure in the latter part of the year owing to the stoppage of the capital works referred to in paragraph 6 below. The total excesses and savings on individual works are almost equal.

The reasons for the important savings are given below:—

Serial number of item and description of work.	Expenditure.	Reasons.
	RS.	
Items 1-4—Dredging in approach channel partly by "St. David", etc.	422	(1) The charges on repairs to "St. David" incurred by the Cochin Harbour Division were not furnished in time. (2) S.L. "Kangaroo" was held up for repairs from 17th January 1928 to 3rd March 1928. The Executive Engineer, Tuticorin Harbour Division, reports that three incidents were not anticipated and that the expenditure proposed by him could not go up to Government as it was late.
Items 5-6—Dredging in berths boat channels turning basin, etc.	957	The work of running the haul in front of Dry Dock could not be completed before the end of March 1928 as anticipated.
Item 12 A—Camp for men, etc., New Street, etc.	543	The work of "improvements" in stone-work could not be taken up before March 1928 as materials had to be obtained from the Dry Dock shed and consequently the completion of the work was delayed resulting in a lapse which could not have been avoided.

The Executive Engineer's explanation for the more important accounts and the comments thereon by this office are detailed below:—

Serial number of item and description of work.	Amount.	Amount given by the Executive Engineer.	Comments by this office.
Item 20 A.—Constructing a Dry Dock at Hare Island.	Rs. 3,763	Some extra items of work not anticipated had to be done as a result of water test carried out under the orders of the Harbour Engineer-in-Chief in March 1928.	It has not been explained why additional appropriation was not applied for in time.
Item 21—Staff for six years at 154 per cent.	891	The variations are according to the expenditures on works as these items represent a fixed percentage on the works expenditure.	NIL.
Expense .. ..	— 75,860	NIL.	This represents credit afforded to 'Stock' in excess of debits during the year under review and consequently the total expenditure on capital works fell short of the notified appropriation. Such credit should have been covered by some appropriation provided for in the budget estimate.

2. Capital works.—*Harbour*.—Schedule A-1 shows the appropriation and actuals on various capital works accounted for separately.

3. Revenue account.—With the idea of enabling the Harbour Engineer-in-Chief and his staff to concentrate all their energies on the execution of the Capital Works, most of the works of maintenance and repairs met from ordinary revenue were transferred to the Port Trust department for execution and the appropriations for them placed at its disposal.—vide G. O. M. No. 598, Finance (Harbour), dated 6th July 1927.

Schedule B summarizes the previous account while Schedule C exhibits details of actual expenditure charged to revenue account under several works and compares the actual with the original and the revised appropriations.

The revenue realized during the year was Rs. 4,821 as against Rs. 3,235 in the previous year. The decrease under 'rents of buildings' is due to the fact that some of the quays were not occupied during the year and the increase under 'Miscellaneous' is due to the adjustment of Rs. 1,800 being the recovery from Cutch Harbour Division on account of hire of the Tugboat Oncea.

The actual expenditure fell short of the revised appropriation by Rs. 3,375. This is mainly due to the credit of Rs. 3,000 afforded to the work "Dividing in approach channel to the piers by 'Meenar'". Item 16 of Schedule C, on account of coal and adjusted in the accounts for March 1928 supplement.

4. *Supplies account*.—The outstanding balances under the various detailed heads are given below:—

Year	Stock Dr. balance.	Miscellaneous advances Dr. balance.	Prepayments Cr. balance.
	Rs.	Rs.	Rs.
1925-26 .. ..	13,597	1,632	..
1926-27 .. ..	1,61,469	25,152	200
1927-28 .. ..	74,373	12,377	465

Stock.—The mentioned reserves less of stock is Rs. 1,48,068. The closing balance of stock articles was verified by the following officers on the dates noted against them:—

Stock other than coal ..	Mr. J. W. Brown ..	Mechanical Superintendent.	19th/20th April 1928.
	Mr. H. J. Miller ..	Executive Engineer.	22th May 1927.

No discrepancies were noticed by them.

Coal .. ..	Mr. J. W. Brown ..	Mechanical Superintendent.	29th and 30th April 1928.
------------	--------------------	----------------------------	---------------------------

Some shortages over the book balance were observed as a result of verification and they were adjusted in the accounts for March 1929 (supplements).

**Insufficient accounts.**—The balance under this head includes a sum of Rs. 16,847 being the expenditure on account of the Committee of Expert Harbour Engineers, appointed to examine the Tutuila Harbour Development Scheme. The Local Government have since ordered in G.O. No. 246, Pinnas (Marine), dated 29th October 1928, that the account should be added to the Capital Account of the Port Trust. Necessary adjustment will presumably be made by the Executive Engineer in the accounts for November 1928.

**5. Tools and plant.**—The articles kept on the tools and plant account were verified by the following officers on the dates noted against them:—

Mr. E. B. Crawford ..	Mechanical Superintendent ..	17th, 18th, 25th October 1927 and 14th November 1927.
Mr. R. J. Miller ..	Executive Engineer ..	2nd October 1927 and 15th December 1927.

Some shortages were noticed and arrangements were made to recover the cost of articles found short from the persons responsible for the loss in some cases and in others sanction of the competent authority to the write-off of losses was obtained then and there.

**6. Materials *et cetera* of work.**—Materials worth Rs. 2,581 were reported to be at the following works. They were verified by Mr. J. W. Bruce, Mechanical Superintendent, on 15th April 1928. No differences were found as the result of verification.

Sum of work.

	Rs.
(1) House for Drilling plant ..	100
(2) Constructing a dry dock for "St. George" ..	2,479

7. Contractor's balance on work accounts.—

	Rs.
(1) Amounts due from contractors ..	Nil
(2) Amounts due to contractors ..	281

**8. Outlay held under objection.**—The outlay held under objection and the amounts cleared during the year are given below:—

Class of objection.	Amount objected to.	Amount cleared.	Balance at the end of March 1928.
	Rs.	Rs.	Rs.
(1) Want of estimate ..	17,935	17,935	
(2) Excess over estimate ..	47,244	3,744	43,500
(3) Want of appropriation ..	9,826	9,813	
(4) Excess over appropriation ..	18,412	13,354	5,058
(5) Miscellaneous irregularities ..	331	331	0

The outstanding objections were brought to the notice of the Harbour Engineers-in-Chief and of Government. Item (2)—amount to supplemental estimates promised is wanted.

**9. The stoppage of capital works.**—Some of the items in the harbour scheme having exceeded their estimated prices, the matter was referred to Government. It was then found that "the existence of a hard layer of rock" rendered the dredger "St. George" unsuitable for the work and that consequently the purchase of another dredger and some steam tugs was necessary. Subsequently in G.O. No. 246, Pinnas (Marine), dated 17th July 1928, Government have ordered the preparation of detailed estimates for two tidal streams one at Her Island and another at Tutuila and pending this, the Harbour Engineers-in-Chief has ordered the stopping of the Capital work at Tutuila. The financial implications of such stoppage are being examined and will be referred to Government separately.

**10. *Admiralty Dredger "St. David".***—The dredger "St. David" purchased for the Tutuila Harbour works at a cost of about 4½ lakhs has been lying idle at Cochen for nearly 2½ years except for short periods and heavy docking and repair charges have been incurred on the dredger. The matter was reported to Government in this office letter No. C.H. 202, dated 26th July 1928 and their orders on the subject are awaited.

**11. Bonus to the extent of Rs. 9,921 was paid to the crew of the Dredger "Mastur" for the period December 1925 to September 1927 without the sanction of Government. The matter was taken up with Government and the irregular expenditure was explained by them—vide G.O. No. 232, Pinnas (Marine), dated 27th June 1928.**

**12. General remarks.**—The accounts of the Executive Engineer, Tutuila Harbour Works Division, were inspected in September 1927, and they were reported to be fairly satisfactory.

S. V. RAOBHAVAN,  
Assistant General.

[Tulivoria Port Trust Fund—Works expenditure—Audit report for 1927-28—Letter from the Accountant-General, No. T.H. 702, dated 19th December 1928.]

Referred to the Harbour Engineer-in-Chief to Government for remarks.

H. A. WATSON,  
Secretary to Government.

To the Harbour Engineer-in-Chief.

*Endorsement No. 28770-3, Finance (Marine), dated 20th December 1928.*

[Tulivoria Port Trust Fund—Works expenditure—Audit report for 1927-28—Letter from the Accountant-General, No. T.H. 702, dated 19th December 1928.]

The Chairman, Tulivoria Port Trust, is requested to state whether the Trust has any remarks to offer on the Accountant-General's audit report for 1927-28 on the works expenditure of the Port Trust Fund.

H. A. WATSON,  
Secretary to Government.

To the Chairman, Tulivoria Port Trust.

Letter from Commander R. FAYNE, R.N.R. (Retired), Chairman, Tulivoria Port Trust, to the Secretary to Government, Finance (Marine) Department, dated the 12th January 1929, No. 3/24.

In confirmation of this office No. 3/1334, dated 22nd December 1928, I have the honour to state that the Trust has no remarks to offer on the report—vide extract enclosed.

The audit report will be published in the Port St. George and District Gazette as required by section 86 of the Tulivoria Port Trust Act as soon as the same is approved by Government.

#### RECEIVED

#### *Extract of Proceedings of the meeting of the Tulivoria Port Trust Board held on Saturday the 12th January 1929*

Read copy of letter No. T.H. 702, dated 19th December 1928, from the Accountant-General, Malaga, to the Secretary to the Government of Malaga, Finance (Marine) Department, forwarding the audit report on the works expenditure of the Tulivoria Port Trust Fund for 1927-28.

Resolution No. 21.—The Board have no remarks to offer.

Letter from R. D. BROWN, Esq., M.B.E., M.A.M.B.A., Harbour Engineer-in-Chief to Government, to the Secretary to Government, Finance (Marine) Department, dated Malaga, the 19th January 1929, No. 3487/23-1.

[Government Endorsement No. 28770-3, Marine, dated 20th December 1928.]

I have the honour to offer the following remarks.

2. Paragraph 1.—*Capital expenditure financed from loan funds—Item 30 (d)—Construction of Dry Dock—Excess over appropriation.*—The excess expenditure referred to was due to the execution of certain necessary urgent items and as it occurred at the very end of the year additional appropriation could not be applied therefor.

*Suspense.*—The same was noticed in the monthly objection statement and the Executive Engineer instructed then that necessary minor grants should be applied for in such cases in future.

3. Paragraph 4.—*Suspense account—Miscellaneous advances.*—As provided the adjustment was effected in the accounts for November 1928.

4. Paragraph 8—*Dutty held under objection—Item (2)—Errors over appropriation.*—Reference is invited to this office No. 2181/28-1, dated 24th November 1926, on the subject.

Paragraph 4, 5—*Dutty held under objection—Item (4)—Errors over appropriation.*—Attention of Government to this objection has been sought and is awaited.

Paragraph 8—*Dutty held under objection—Item (5)—Miscellaneous irregularities.*—The objection was cleared in the accounts for July 1925.

5. Paragraph 8—*Stoppage of Capital Works.*—This part of the report is not quite in accordance with facts, in particular, the reference to the Harbour Engineer-in-Chief as the authority which "ordered the stopping of the Capital Works." The Accountant-General's attention may therefore be invited to G.O. No. 284, Marine, dated 17th May 1927, and No. 145, Marine, dated 7th March 1928, and Finance (Marine) Department Memorandum No. 27966-a, dated 14th November 1927.

The Standard Barometer and Thermometer are read at 8 a.m., 12 a.m., 4 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The zero of the Barometer is corrected for above the level of the sea, and the reading of the rain-gauge is two feet from the ground. The wind, rain and general weather recorded are for the nearest civil day—from midnight to midnight.

The total quantity of rain collected during last January 1925 is 9.10 inches, the average day for the same period being 1.87 inches.
